

# Benefits Driven Network HIM

What is forcing us to change?

What are the goals?

What benefits do we seek to achieve? How will these be measured?

Who is impacted? Who benefits? Who is responsible?

What changes are required?

What solutions enable the changes to occur?

**Key Driver 2**  
Electronic vs Paper Medical Record

**Key Driver 3**  
Lack of clarity around processes and data accuracy

**Key Driver 4**  
Provider non compliance

**Key Driver 5**  
Lower Cost with the better outcome – Lower Reimbursement

**Key Driver 6**  
Operational Integration driving new Roles and Responsibilities and accountabilities are internal/externally of HIM
